Note from the Pro:

It is time to brush off the winter cold and gear up for the new golf season. We are happy to offer a variety of events, instruction and equipment to get you back into the swing of things at Coosaw Creek.

The first tournament of the new golf season, the Ice Breaker Best Ball, was well attended and we hope to continue that with the Super Bowl Shoot-Out on February 13th. The format of play is a Captain's Choice Scramble using a modified stableford featuring football style points and a Super Bowl Raffle for prizes. Be sure to sign up! You may do so individually, or as a team. And, don't forget to buy your Super bowl Square

before the big game. The Board is expected to fill up quick, check in the golf shop for details.

Members may pick up their 2022 Tournament Book or access it online on the "Members Only" page of our website. The book will contain information on all our tournaments as well as notes from the various member committees that are working to improve your golfing experience here at Coosaw.

We will be offering many additional golf clinics and camps in the upcoming season for golfers of all ages and abilities. Please see the Course News section for more info on upcoming instructional opportunities.

See you on the links,
John Harrison, PGA

News from the Golf shop

Winter golf shop hours are still in effect through March 13th. The golf shop will be open from 9am until 5pm on Mondays, and 7am – 5pm Tuesday – Sunday.

Practice Range

Please note: The driving range will close at 4:00pm on Sunday & Thursday and will open at 8:30am on Monday and Friday to accommodate weekly maintenance.

During the winter, the range will be "mats only" during the week. The grass will be used on weekends, weather permitting. This will help maintain the quality of the turf during the slower growing season.

Also, we would like to remind our members that range balls are NOT to be removed from the driving range or used on the golf course, so we may keep them in circulation for the enjoyment of all members and guests. Thanks!

Instruction Corner

Many people struggle to make a consistent strike in chipping. The big thing is to be sure the low point of your swing—where the club hits the ground—comes after you contact the ball.

Try this: (1) Set more weight on your front foot and maintain that position through impact; (2) Rotate your shoulders through the shot. Some golfers rock the shoulders like a seesaw. When the front shoulder rocks up on the downswing, the spine tips away from the target and the low point shifts back. So, stay forward and turn that shoulder open. You'll chip it great!

Lessons

Now is the time to work on your game, as the season kicks off. We offer private instruction at a fee of \$50 per lesson. Book a series of 3 private lessons for \$125 or a

series of 5 private lessons for \$200. Group lessons, clinics and playing lessons also offered.

Contact the Golf Shop at 843-767-8988 for more information.

Welcome to Golf Program

Course Update

January weather was all over the place for us here in our region. We went from 80-degree days first part of the month to sub-freezing temperatures and rain middle to end of the month. The course has held up well given all the windy days and scattered debris litter. On Jan 3rd we had wind gust up to 60 mph which in turn cause several trees to fall, luckily none of them impacted play on the golf course. Maintenance was able to get those cleaned up in a timely manner. Being that we are still short staffed it may take us a little longer to get all the smaller debris cleaned up, especially when we continue to receive these timely rains that do not allow us to put equipment out on the fairways.

We have continued our fairway and low-lying area topdressing program to help with moisture management. Typically, we order around twenty-five tons of sand at a time to apply to these areas, over time we will build a sand layer that will help with drainage in these lower lying areas and around catch basins. We will not see immediate results as this is a big picture project.

Greens continue to be in great shape and are holding up nicely through the up and down weather we have had. We look forward to getting through February and into March for some nice spring weather so we can start our early season turf cultural practices.

As always please remember to fill your divots and fix your ball marks!

We encourage all of our members to take advantage of the various fun activities and facilities available to them. PONDS

Coosaw Creek’s beautiful ponds have been stocked with fish - but beware of snakes, alligators and other wildlife.

The course ponds are part of a larger low country wooded wetland area. Please respect this incredible asset and avoid contaminating it with any foreign materials or liquids.

Fishing is allowed only from the bank and only in designated areas. These areas have been selected to ensure that people

fishing are not in the normal flight of golf balls and that ponds can be approached without crossing the course or using the cart paths. They are located:

- POND BEHIND THE PLAYGROUND - Approach from McChune Court
- HOLE 15 – Approach from Arthur Hills Circle
- HOLE 16 – Approach from Club Course Drive
- HOLE 17 – Approach from Power Line Break

Fish in course ponds are for “catch and release” and not for consumption – a major disappointment to our chef!

These guidelines are established to ensure a positive experience for all Members and guests who use the facilities. Enforcement is the responsibility of all members and staff of the Club. A polite reminder is usually sufficient, but should it become necessary to report any violation please call the Pro-Shop or the Club General Manager.

We hope that you enjoy these excellent facilities your Club has to offer. If you have any questions or comments regarding these guidelines or your experience, please feel free to contact us directly at the club, 767-9000.

Thank you,
FOR THE BOARD OF DIRECTORS

Women4Women

January has been a challenge for meeting in a large group due to Covid but W4W decided to turn lemons into lemonade by participating in the Betty White Challenge and donate to the local animal shelters. She was a long-time animal lover and advocate for the animals everywhere.

To honor Betty White donations have been pouring in thanks to the wonderful people in Coosaw who participated in this good cause. The shelters are so appreciative of the monetary donations to help them buy the goods they need, and for medical costs too.

We donated a total of \$915 to Dorchester Paws with more checks coming in! Also note sweet Eva in the picture she is a 2-year-old pup available for adoption!

The donation of \$400 to Charleston Animal Society will be doubled by The Hall Group. They were very happy to get our donation!

This month we will meet at Holly Book's house for our coffee, brunch and kickoff meeting. Date to be announced. Dues \$30 made out to Women4Women.

March 19th there is Paws in the Park 5K Run/Walk sign up at Charleston Animal Society.org if you want to participate. It would be fun to get a group together and walk!! We will also be planning another activity for March.
